APPROVAL OF STATE ENGINEER Las Vegas, Nevada 89102

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the

following limitations and conditions: This permit to change the point of diversion and place of use of the waters of an underground source as heretofore granted under Permit 13588, is issued subject to the terms and conditions imposed in said Permit 13588, and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a weir or other type of measuring device at or near the well to facilitate the measurement and control of the water. If well is flowing, a valve must be installed and maintained to prevent waste. The State reserves the right to regulate the use of the water under this proposed change at any and all times. The total amount of water granted under this Permit and Permit 24563 combined shall not exceed 11.8 million gallons annually.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.05 cubic feet per second

Actual construction work shall begin on or before October 2, 1969

Proof of commencement of work shall be filed before November 2, 1969

Work must be prosecuted with reasonable diligence and be completed on or before October 2, 1970
